Hail! Hail! The rain's all here!  
Let it be known, all ye faithful, that the smile of good fortune is once again beaming on South Alberta. For five long years have we waited, not too patiently sometimes, but, at any rate, we waited, and now we can see that the inevitable change has come and a bountiful reward for labor is in sight. The rains started in a faint-hearted manner on Saturday, May 20th, and increasing in intensity, the showers have continued intermittently to date, with an estimated general precipitation of five inches. Reports claim all rivers "highly inflated". The town of High River was badly flooded by the overflowing Highwood, mining towns in the Pass suffered badly, the C.P.R. main line was washed out near Cluny, trains being routed through Lethbridge and Vulcan, the C. N. R. main line was washed away near Drumheller—in fact there was enough rain to make everybody happy. The great tension has relaxed. There are facial muscles now being freely exercised that were sadly out of practice. Things don't seem the same.

It will sorta take the sting outa that Chautauqua contract.

It should give the cutworms their walking ticket.

We suppose some our old notes will become very valuable again.

E. C. Lacquement has been up from Magrath looking after some of his property left here.

Mrs. Gordon Elliott went to Calgary on Wednesday with her baby, which has been blind since birth, to undergo professional observation and surgical treatment. The numerous friends will be pleased to learn that the doctors give every hope of being able to restore the little boy's eyesight.

Rev. F. Forster is in Edmonton attending the annual Methodist Conference. He expects to return about June 5th. There will be no services on the Lomond circuit for Sunday, June 3rd.

The Vulcan Masonic Lodge entertained members of neighboring lodges on Tuesday night to the number in attendance of about one hundred and twenty-five. High River, Blackie, Champion, Carmanay and Lomond were represented and a wonderfully

entertaining time is reported by those who were present. Those in attendance from this side of the Valley included W. J. Clements, Frank Vickers, W. B. Manning, H. N. Hanna, John Stewart, S. H. Sealock, W. E. Howell, and S. Galbraith.

Born, to Mr. and Mrs. John Stannard, a son.

Born, to Mr. and Mrs. C. F. Koch, a son.

Desmond Burne, aged eight years, son of Mr. and Mrs. H. W. Burne, died on Saturday afternoon after an illness of but five days, death coming as a result of an attack of appendicitis. As the little lad was at school but a few days before, the announcement of his death came as a decided shock to the community, and needless to relate, the bereaved parents were heartbroken at the sudden turn of events. The funeral was held from the home on Monday afternoon. Mr. McComb of Travers conducted the services, in the absence of the pastor, and Miss Pederson, the little lad's teacher, sang "For There is No Night There". The remains were carried to their last resting place by four neighbor boys, Kenneth Bly, Mack McKay, John Williamson and Gordon McIntosh. The public will extend every sympathy to those bereaved.

The U.F.W.A. meeting at the home of Mrs. Munro called for Thursday, June 7, has been postponed for one week, out of respect to the secretary, Mrs. Burne.

Mrs. Guy Paulson of Patricia has been spending a few days with friends at Travers and Lomond while looking after affairs in connection with her late father's estate. The auction sale held on Wednesday afternoon drew an enormous crowd. Seventy-two dollars was the highest price paid for a horse, but, considering conditions, the general returns were not out of proportion. A number of the work horses went to the Dymont ranch, west of Vulcan.

Charley Geyer was up from the Sunburst oil fields over Sunday. These trips are coming pretty regular.

Bobby Cant was up to the city for a week, getting a change of scenery.

## 22 YEARS AGO

Nobody wore a wrist watch.  
Nobody had appendicitis.  
Nobody wore white shoes.  
Nobody sprayed orchards.  
Nobody knew about radio.  
Most young men had "livery bills".  
Farmers came to town for their mail.  
Many people read by the candle or kerosene light.

The heavens were not full of man-birds.

Nor the seas alive with under-water boats.

The hired girl drew one-fifty a week and was happy.

Young men learned trades at five dollars per week.

The butcher "threw in" a chunk of liver.

The merchant "threw in" a pair of suspenders with every suit.

Nobody listened in on the telephone.

There were no electric meters.

Nobody observed a sane Fourth.

Straw stacks were burned instead of baled.

Publishing a newspaper was not a business, it was a duelling game.

There were no Bolsheviks nor 'isms.'

The safety razor had not introduced the clean shaven face.

"Equipped with Gas" was a prominent line in flats-to-let advertisements.

Office folks didn't know about a fan in the summer time, and ice-water was

a treat.

Many folks retired at 9 p. m. and rose at 5 in the morning.

TIMES HAVE CHANGED.

### EYREMORE CIRCUIT

REPORT OF EYREMORE CIRCUIT  
May 1, 1922, to May 1, 1923.

The people of Eyre more circuit have just sent their pastor, Rev. N. W. Whitmore, and C. R. Westgate, as lay delegate, to the annual conference of the Methodist Church, Alberta, now meeting in Edmonton. The occasion makes it appropriate for a statement of church affairs and activities.

The circuit as now organized comprises five preaching places. Badger Lake and Adler alternate with Mica and Bow Slope for fortnightly services, Bow City having a weekly Sunday evening service. There are three Sunday schools, Mica, Bow City and Bow Slope, superintendents being Mrs. Mark Harris, D. A. Scroggie and W. S. Evans, respectively. There are two ladies' organizations that have directly aided church work, namely, the Bow City Ladies' Aid, an experienced organization of some years' standing, and a Ladies' Club at Bow Slope, which was responsible for a number of social items during the past year. The Badger Lake, Midway and Adler U.F.W.A. locals have also undertaken work from which the church benefitted materially. It is to be regretted that scattered population and shortage of either boys or girls of any one age living close together, prevents specialized young people's work. But the majority of the schools are visited more or less regularly, and many illustrated lectures were given during the winter season with slides from the University of Alberta Department of Extension. During the year over \$1600.00 was raised for all church purposes. Con-

sidering that the dry side of the circuit has lost practically one half of its families since the present pastor's term of office (since 1920) and that Bow Slope has only been incorporated as an appointment during the past year, this makes a very creditable showing of which the faithful ones may well feel proud. The money was raised approximately as follows:—Bow City \$1000, Bow Slope \$300, Badger Lake and Midway \$200, Adler \$100—a total of \$1600.

This money was used as follows:—  
Allowance on pastor's salary and car maintenance ..... \$900  
Connexional funds of church .... 105  
Contribution to Miss'ary Society 103  
Mission loan rep'd by Bow Slope 125  
Summer student's board, Bow Slope ..... 135  
For hall rent, Bow City, Sunday School supplies, interest on parsonage debt, Red Cross, express on lantern slides, and other incidentals ..... 255

Total ..... \$1626  
To make up the pastor's remuneration to the minimum established by the Methodist Church, a missionary grant of \$750 was received.

This brief summary is written by the pastor, and he cannot refrain from a public expression of appreciation for the support guaranteed by Bow City appointment, not only in the matter of his own salary, but more in the support of all that the church stands for. Without the loyal work of interested people at Bow City, neighboring communities would be denied a continuance of religious activities with a resident pastor. In addition to giving support week by week, families at Bow City made special cash subscriptions at the close of the church year, as follows, one of \$100, three of \$50, and one of \$35.
